Re: Request to Intervene in Any and All Proceedings on Docket # 2008-302-E, The Application for Mid-Period Adjustment of South Carolina Electric and Gas Company

Dear Mr. Terreni,

As a customer of SCE&G I petition the Public Service Commission to grant my request to be an intervenor for the above established Docket # 2008-302-E in any and all hearings and proceedings before the Public Service Commission. Fuel costs have increased for the utilities that provide electric power for consumers, and SCE&G should be fairly compensated for those costs through a reasonable raise in electric rates.

In this docket SCE&G is asking for a compounded increase that will cripple ratepayers and break severely strained budgets. Both the two-phase process and the percentage increases of each phase requested are an unfair burden to ratepayers. Each of the two rate increases requested on its own will result in gouging the rate payers. The two-phase process ensures that the percentages net a compounded amount. The result for many, including me, will most likely mean having to choose between running much less electricity than one needs one's or paying one's bill.

Sincerely,

Pamela Greenlaw
